White Ribbon Australia

Our vision at White Ribbon Australia is that all women live in safety, free from all forms of men's violence.

The victims of violence are not merely statistics; they are our wives, sister, mothers, daughters, aunties, friends and colleagues.

Our campaign is a means for men to speak out and act to stop violence against women, and to safely and effectively challenge the attitudes and behaviours of a minority of men who use or condone violence against women.

We work through primary prevention initiatives involving awareness raising, education and programs with youth, schools, workplaces and across the broader community.
