

## Thank you for your commitment to preventing men's violence against women

Dear xxx,

July was another exciting month with our Ambassadors organising, participating in and attending a wide variety of awareness and fundraising events. In particular, there was a flurry of activity on and around Friday 29<sup>th</sup> July, and on that note, we'd like to take a moment to say a big thank you to all Ambassadors who helped make this year's White Ribbon Night the success that it was. We switched things up a bit this year by suggesting three themes for the evening: feast, film and footy, and it was amazing to see the creativity and enthusiasm of those who hosted and attended events across the country.

This month we bring you another newsletter chockablock with great updates, educational material and a new Ambassador Q&A. We hope you find it as inspirational and interesting a read as it was to put together. Remember, if you have any material to contribute to our next edition, send it through to us.

We thank those of you pre-2013 Ambassadors who have reached out to us regarding Re-committals, and to those awaiting to hear from us, we appreciate your patience as we continue to work through the Ambassador Re-committals. Just another reminder, if you came on board as an Ambassador before 2013 and haven't yet recommitted, send us an email at [ambassadors@whiteribbon.org.au](mailto:ambassadors@whiteribbon.org.au) ASAP and we will fast-track your Re-committal process!

## Homeless, Not Houseless – Violence Against Women Leads to Rising Rates of Homelessness

MEDIA RELEASE - 8 July 2016

Domestic violence is causing rising rates of homelessness for women and children with many unable to live in the houses they have because the risk of abuse is too great, according to White Ribbon Australia. Forced to flee, a growing number of women and children are living in cars, caravan parks, boarding houses, refuges or couch surfing. It is a hidden crisis compounded by winter temperatures.
